To Whom It May Concern:

I am pleased to provide this reference for Juana Zhang who successfully completed Actian's summer internship program as a CX User Analytics Intern.

Throughout her internship, Juana demonstrated professionalism, initiative, and an ability to collaborate with colleagues. She contributed to team projects with enthusiasm, quickly adapted to new challenges, and consistently sought opportunities to learn and grow. Her positive attitude and commitment made her a valued member of the team.

I am confident Juana will bring the same dedication, curiosity, and work ethic to any future role she pursues.

Kind regards,

Becky Staker

Vice President, Customer Experience
Actian, a division of HCLSoftware
